🚀 Helping Students Build Their Career in Technology — From Zero to Job-Ready

Hello Community 👋,
I'm **Paresh Ranjan Rout**, working in the **Data Engineering & AI domain** with **4.5+ years of experience** in IT.

Over the years, I've met many students from **non-technical backgrounds** who want to enter the world of technology but don't know where to begin.

So I've decided to **mentor and guide students for FREE** — from **absolute zero** to **job-ready level**, with a structured, practical-learning approach every weekend.

🌱 What Students Will Learn

Even if you have no prior computer knowledge, we will start from basics and grow step-by-step:
▯ **Windows OS Troubleshooting**
(User issues, updates, drivers, performance, connectivity)
▯ **Networking Fundamentals**
(IP, DNS, DHCP, VPN, LAN/WAN, ping/tracert/nslookup)
▯ **Active Directory Management**
(User creation, password reset, group management)
▯ **Microsoft 365 / Office 365 Support**
(Outlook, Teams, OneDrive, email configuration)
▯ **Hardware Troubleshooting**
(Laptop/desktop, printers, peripherals, drivers)
▯ **Ticketing System Handling**
(ServiceNow / Jira / Freshservice — raising, updating, resolving tickets)
▯ **Remote Support Tools**
(RDP, AnyDesk, TeamViewer)
▯ **Basic Cloud Concepts (Azure/AWS)**
(Identity, basic admin tasks)
▯ **Security & Access Management**
(Antivirus, device compliance, MFA, permissions)
▯ **Professional Communication & Customer Handling**
(Email writing, call etiquette, problem explanation)

🎯 My Goal

To help dedicated learners become job-ready in **4–5 months**, provided they remain focused and consistent.

📩 Interested?

If you are **genuinely interested** and ready to commit:

Subject: *Message for Students Who Want to Start a Career in Technology*
Only serious learners who want to build a strong future in tech.

Your **curiosity + consistency = success**.
Let's build careers together.

Regards'
Paresh Ranjan Rout

******📅 New Batch Starts on *28th December 2025*!**
Bring a notebook, bring your curiosity — and get ready to fly high in your tech career!
This opportunity is open for EVERYONE, from ANY background.

Please share this post widely — with your friends, classmates, juniors, WhatsApp groups, and anyone who dreams of working in IT.
Your one share can change someone's life.
Let's inspire more students and bring more passionate learners into this journey! 🚀🔥 ********

Every Weekend** _**Batch** from 28th December 2025 Up to 5 months**
